

TATIANA

Bilgin Yachts: 44,88m (147' 2"), 2011, 12 Guests.

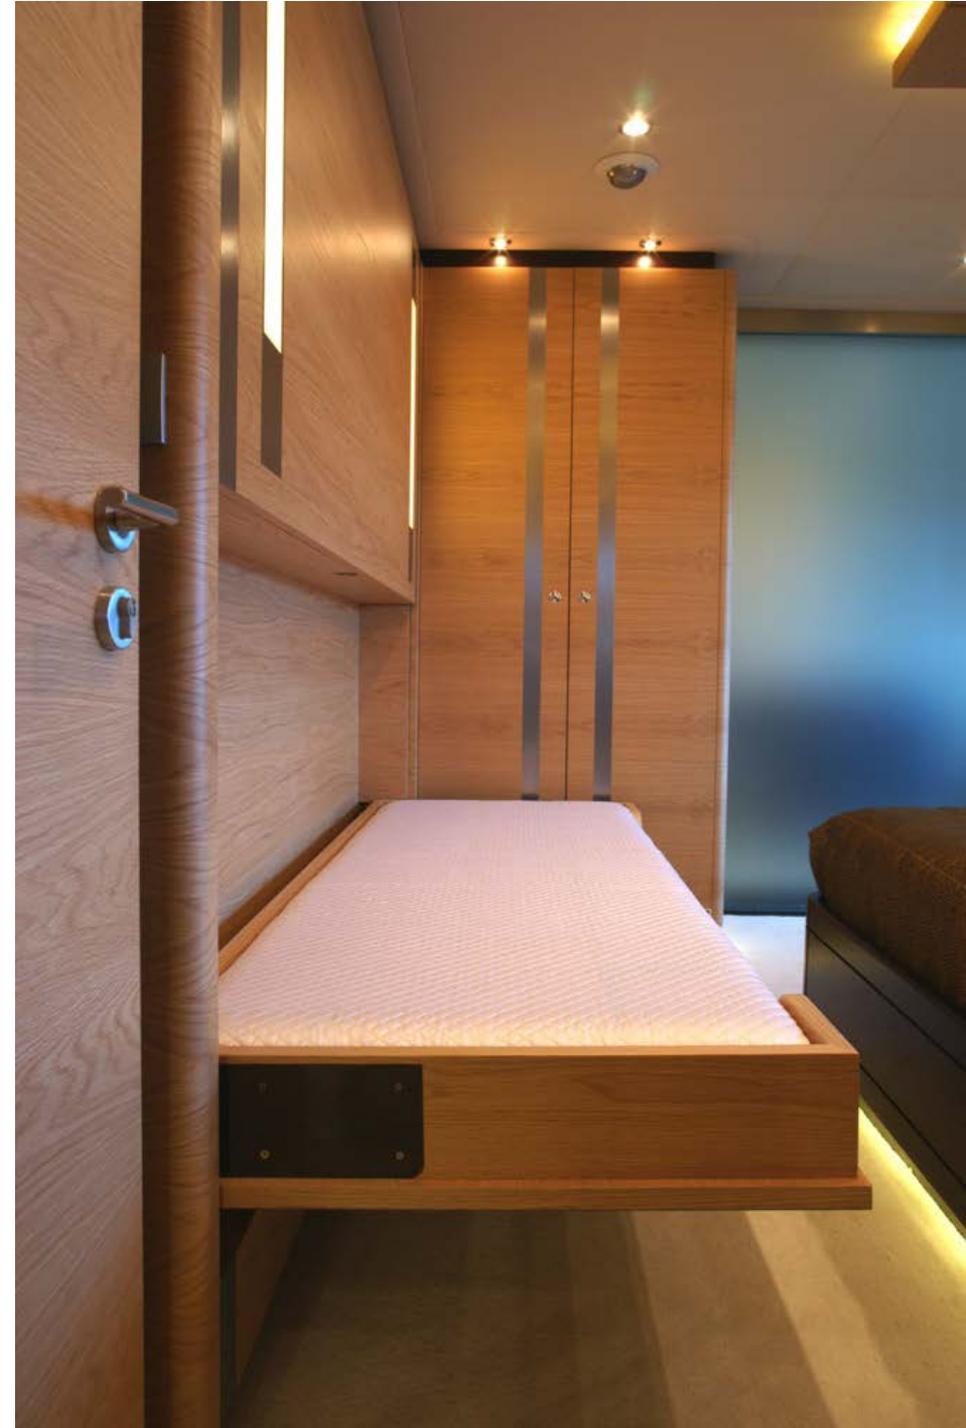

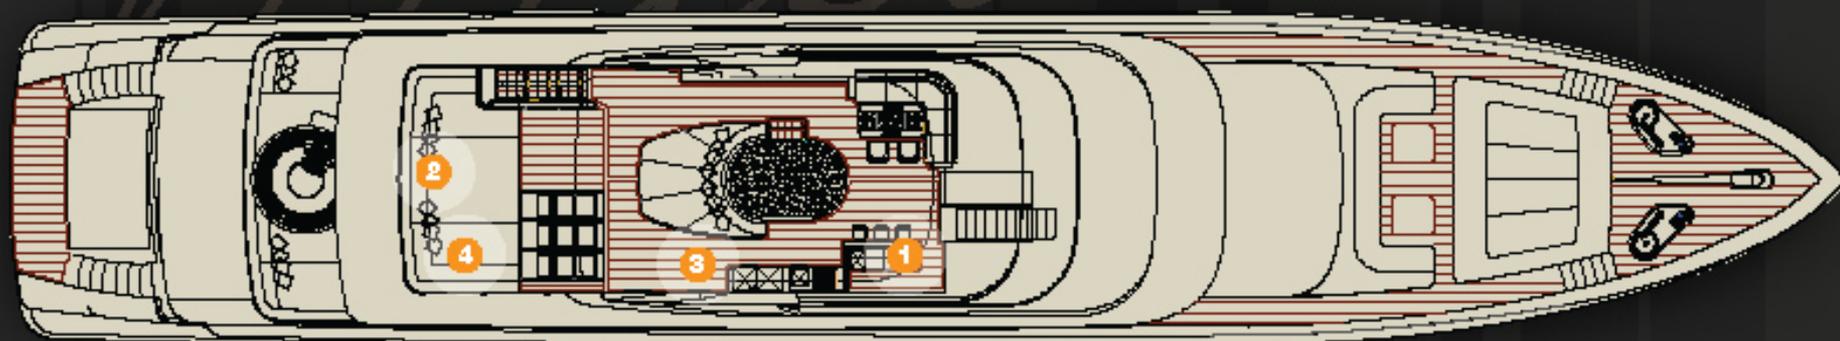

Fly Bridge

The fly bridge is dominated by a central swimming pool covered with BIZZASSA tiles and an adjacent sun bed. Nearly the entire fly bridge is shaded by a hardtop and easily convertible by remote controlled retractable awning in an open area. A barbecue, an alfresco bar and a built-in L-shaped dining area as well as several chaises lounges complete the arrangement. The space offers maximum comfort and great freedom of movement.

Upper Deck

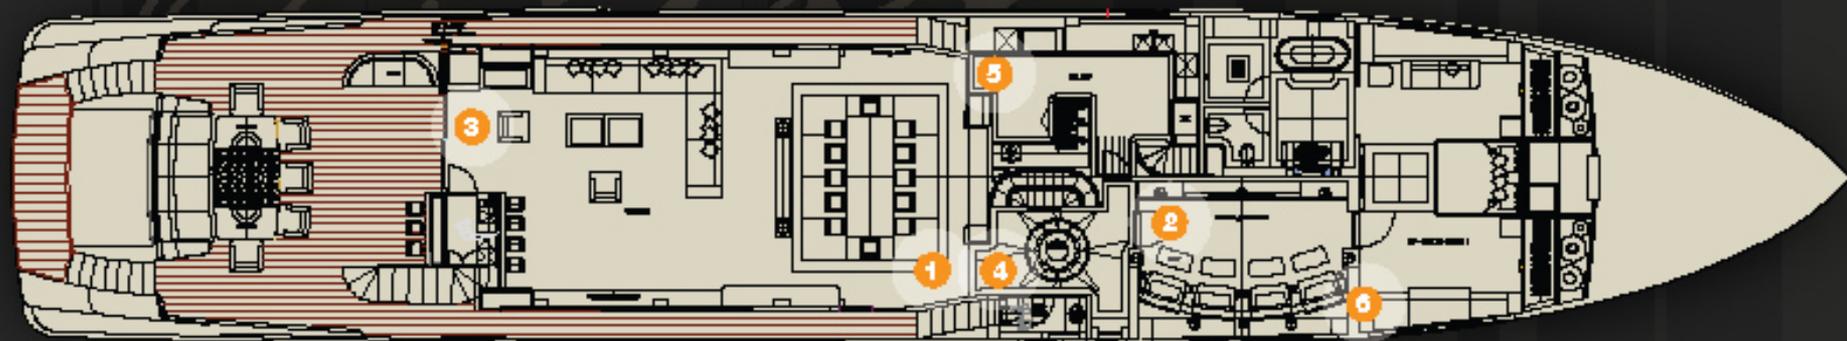

Owners Deck

The most unique part of the yacht is the owner's-stateroom on upper deck with spa area (massage-room, steam room), a luxuriously bathroom, an extra study, a lot of light and an astonishing view to the outside because of the large surrounding windows. A huge flat screen TV is situated with a 'pop-up' unit in the ceiling. The TV is swivelling in a way to be useable for inside and outside. The alfresco deck with a Jacuzzi is construed for owner's use only. In fact, with the exception of the wheelhouse, that entire deck is devoted to the owner. From here a well designed freestanding staircase sculpture leads to the fly bridge.

Helm Station

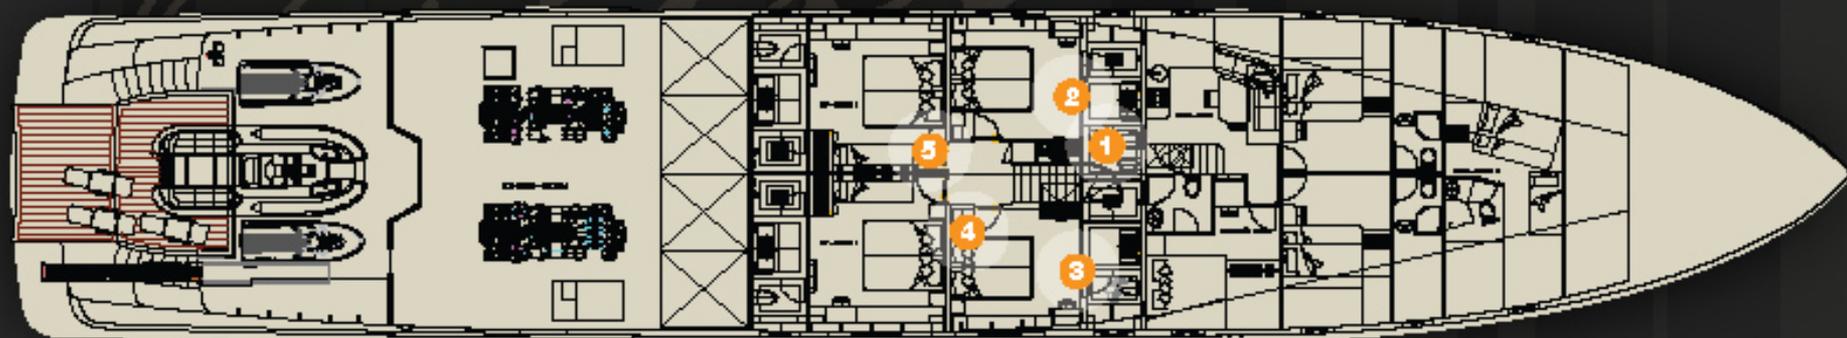

The pilothouse is dominated with a wink shaped dashboard, boast all of the most up-to-date instrumentation and, of course, very high tech solutions to control the engines. A raised sofa allows guests to observe the yacht operating and to have a glorious panoramic overview.

Main Deck

The brief of the basic outline embodied certain aims: firstly, to create a feeling of spaciousness in every room, secondly, to incorporate a large number of rooms into the plan. This included, for instance, two richly equipped owners' suites, a large foyer, a 'state-of-the-art' cinema, four guest cabins and a spacious area for the crew, including the own mess. In choosing the colour scheme, fabrics and materials, it has been sought to give the yacht lightness and a Mediterranean air with a timeless, classically elegant interior. Light oak has been selected in combination with wenge, beige and Bordeaux-red real leather contrasting with brushed stainless steel elements, as well as delicious displays of various granites and onyx.

Lower Deck

Two VIP & Two Guest Cabins

Two large-sized VIP- and two guest-cabins are placed at the lower deck. All of them with a spectacular view through the outstanding portholes, no claustrophobically feeling will occur. The cabins are outfitted with king size beds, en-suite bathrooms and flat screen TVs connected to the yacht's sophisticated entertainment system.

Two of those boast a third Pullman bed.

Crew Mess And Four Double Crew Cabins

The crew quarter is located in the forward section and provides accommodation for the skipper and 8 others. Each cabin includes plenty of storage as well as a bathroom with KERROCK countertops. The crew mess contains a large seating area and a pantry.

SPECIFICATIONS

Length: 44,88m (147' 2")

Beam: 8,50m (27' 10")
